

2008 Nitro 67 w/Animal & RTP

MSRP: \$675.00

Our Price: \$445.00

Length: **67 inch**

Skill Level: **Performance through Expert**

Binding: **Animal & RTP**

COMPANY DESCRIPTION:

The Nitro, the newest ski in the HO line, is built off of the Monza/System 8 platform. This ski, with its slightly increased surface area, provides optimum skiing at speeds up to 34 mph. The 3.75% increase in total ski surface area provides support at the finish of the turn where traditionally shaped skis get "bogged" down. Now you can ski the course efficiently with less physical effort and overall body fatigue. Make it easy on yourself and pick up a Nitro.

The classic HO Animal binding is modernized with an updated, layered overlay construction comprised of a stronger TPU material and embossed synthetic leather. This provides a cutting edge look with superior performance. The newly created "stretch zones" are specifically designed to allow the boot to stretch in the areas you want for easier entry and less cramping, while still providing optimal support in the areas needed.

FEATURES & ADVANTAGES:
