

We're going to Texas!

Will you help us get there?!!

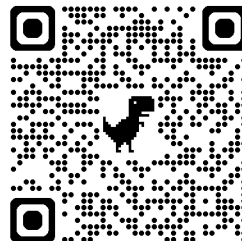

Howdy partner!

For the 2nd year in a row, AAWS is sending a group of adaptive athletes to compete in the World Wakesurfing Championship.

Arizona has one of the largest adaptive divisions in the country! We would really appreciate your help with covering the athletes' expenses so they can focus on the competition.

We'd be mighty grateful if you could chip in a bit to help get our wagon train to Fort Worth!
